

SPATIAL AND REGIONAL PLANNING

PROJECTS

INTEGRATED ZONING AND DEVELOPMENT PLANNING COMMERCIAL AND INDUSTRIAL PARK REIGERSDORF SOUTH / AUSTRIA

Project description

The main task in this project was the preparation of the required documentation for the integrated Zoning and Development Plan according to §31a Carinthian Municipality Planning Act in the framework of the intended extension of the commercial and industrial area of Magdalensberg.

The prepared project documentation is substantially guided by guidelines for the assessment of the zoning act in the scope of the EIA, listed in the "Handbook on SEA for Local Spatial Planning in Carinthia" and furthermore, provides environmental information as a basis for the justification of further planning steps.

Services

- Preparation of the documentation for the integrated zoning and development planning according to §31a Carinthian Municipality Planning Act
- Preparation of submission projects in the fields of nature conservation, forestry and construction law
- Assistance with legal procedures
