## TOURISM MASTER PLAN FOR THE MOUNTAIN RESORT JAHORINA (BOSNIA-HERZEGOVINA)

Our experts, in cooperation with the Alpe-Adria-Consultants, were commissioned to prepare a Tourism Master Plan for the Mountain Resort of Jahorina, Bosnia in 2006-2007.

Jahorina has been one of the locations of the Olympic Winter Games in Sarajevo back in 1984. Since that time, mainly due to the war in Bosnia-Herzegovina, hardly any development has been taking place.

Our team has been responsible for the technical planning (resort, lifts, slopes, artificial snowing) of the mountain resort and for the specific action and implementation strategy until the year 2016.
